Rebecca,

Don't want to split hairs, but that was a statement issued to residents. Assume one of them (which we anticipated and is perfectly within their right) released it to the press.

Mike

Believe our press office has already responded and said that they have misinterpreted our statement.

U.S. EPA Declares Dimock PA Water Has No Health Impact

<http://www.eidohio.org/u-s-epa-declares-dimock-pa-water-safe/>

Rebecca,

Perhaps you could give Trish Taylor a call and ask her to please demand a retraction. EID is making it sound like the EPA is saying that the water in Dimock is safe, when in reality, all they're saying is that based on the DEP data they have reviewed, the Dimock water poses no immediate health risk. There's a huge difference.
